From The Editor

We have recently celebrated the 25th anniversary of our Newsletter, October 2021. The believers could have looked back at their testimonies and seen where the Lord brought them from and where they're at in their spiritual walk.

We are in the year 2022, and what a year last year was!

The devil tried his best to stop us with Covid-19, but the "Lamb Prevailed." All Praise be to God!

We thank God for the Ministry He has given us. And we know that He cares for us.

We are living in a world of chaos and so much confusion. Men's hearts are failing for fear, but the Word of God instructed us not to fear because Jesus is near, and He is just a prayer away.

So, let's move on and keep pressing on to Victory.

Thank you for your continued support, and God bless you richly.

From The Pastor

Greetings Perfect Love Tabernacle believers.

It is our first Newsletter for 2022. The times are Thanks to Sister Gail Hing and the team for doing

I encourage you to lift your heads; redemption

Our emphasis is still on the Holy Ghost. Our words:

53-0328 ISRAEL AND THE CHURCH # 4_130,

you take an old church that's dry in his bone, and no Holy Ghost in it, and no salvation, no Divine healing, no power of God, no shouting, no joy, and it's always, "This, oh, she done this, and he done this, and he done this," sticker, sticker, sticker. What you need is a good old fashion outpouring, gusher of the Holy Ghost (Hallelujah.), and soften up a little bit. Amen! That means "so be it." Branham Tabernacle needs a good dose of that too. That's right. Oh, is it right? Amen! I say unquote. Perfect Love Tabernacle too. Amen!

going very, very fast. a wonderful job.

drawing nigh.

prophet said these

I tell you brother;

God servant said quote 59-1217 WHAT WAS THE HOLY GHOST GIVEN FOR_ 150 † John 12:24. **Let me quote it to you right quick. Jesus said, "If a corn of wheat falls into the ground, except it dies, it cannot bring forth another life. Now, look." One closing remark now. And remember then, it is, now, to you people it's absolutely essential, necessary, compelling, and compulsory that you receive the Holy Ghost now, for if you don't, you can't come in the resurrection.**

In the message 64-0629 [THE MIGHTY GOD UNVEILED BEFORE US](#)

159 Now It's ripe to bring Him back exactly like He was at the beginning, His same ministry, the same Jesus, the same power, the same Holy Ghost. The same One that come down on the Day of Pentecost, is the same Holy Ghost that's manifested today, from Glory unto Glory to Glory. And is back to Its original Seed, with the baptism of the Holy Ghost; with the same signs, same wonders, same baptism; same kind of people, acting the same way, with the same power, the same sensation. It's from Glory unto Glory. And the next will be, "Changed from this Glory, into a body like His Own glorious body, where we shall see Him." Abraham saw the same.

Keep seeking the Holy Ghost; it is now or never. Keep pressing the Battle. God Bless as you continue to read the rest of the Newsletter.

- Brother Lewis Nelson.

INSPIRATION

Here is an excerpt from the Exhortation 'Be Reminded,' given by Brother James Magwawa on Sunday, November 07, 2021.

The greater part of instruction is being reminded of things you already know

Before his exhortation, the congregation was singing this song, 'God can Do it Again and again.' As Brother James encouraged us, he brought our attention to the song having the exact words repeatedly.

He said, "The human mind forgets a lot. So, we must be reminded of the same thing over and over again. That's why we sing the same song, and it blesses you, and you get out of a situation. You go through different struggles and forget again. You get in the same situation; sing the same song, and God does it again. The Bible tells us don't be forgetful hearers; it also tells us to be reminded. A lot of preaching is for you to "Be reminded."

He continued, "Even salvation is to be reminded of who you were in God. That is what it is because you were always that. Remember that! You can never be what you never were. If we were not in the mind of God, we could never be there. So, you must settle that struggle and come to God and say, "I desire to be with You because I was in Your mind."

The devil will tell you all sorts of things—like, "How do you know?" I know for sure that the devil was not there. Don't get into that conversation with him. He does not know anything about salvation because he is lost. He is lost and cannot be found. He will never come up; you are fighting somebody who has already lost the battle. I believe that with all that's within me.

I encourage you to believe that, because you are not walking a Christian walk to be at the mercy of the devil. You are walking a Christian walk with Victory with the assurance that it is finished. The devil was God's enemy from the beginning, and Jesus won that battle. It is not your battle; it is God's battle. Your battle is won; you just have to surrender to God."

In His Own Words

In the Message: **Why It had to Be Shepherds 64-1221**, the prophet William Branham stated: Jesus said, "When He the Spirit of Truth is come, He will remind you of these things that I have said and also show you things to come."

IN THE SPIRIT

How I received the Holy Ghost

By Brother Sam Isaac

God bless you Saints.

I'm happy to share this testimony of how I received the Holy Ghost, to give God praise and to encourage my brothers and sisters in Christ.

I came to Canada on January 07, 2021. God led me to Perfect Love Tabernacle church by a testimony.

Before attending this church, I believed I received the Holy Ghost when I accepted this end-time Message. From my first day at Perfect Love Tabernacle, God started to deal with me by hearing the Word. And when the Pastor began to preach by quoting the scripture; Acts 19:2, "Have you received the Holy Ghost since you believed?" I had read this scripture so many times in my life, but after I heard the preaching, I started to notice it's not when "you believed," but it is "**Since You Believed.**" From there onwards, I started to think and pray, "God, what is this all about? Give me that experience Lord."

After coming to church regularly, I began to grow and understand how important it is to receive the baptism of the Holy Ghost in my life journey towards God. I started to understand and realized that "**it is essential and necessary, and compelling and compulsory.**"

I worked in a factory for cash not correctly registered (illegal) until June 2021. So, whenever I prayed or came to church with the expectation of receiving the Holy Ghost, there was a heavy burden on me that I couldn't get the Holy Ghost until I got things right. I couldn't concentrate on my work or anything. These things kept bothering me when I prayed or worked in the factory. I talked with our Pastor regarding this, and he spoke the Word to me. After a month, I prayed, "God, I need the Holy Ghost regardless of what," and I quit the work in June. So much of family pressures and surrounding pressures because I left the job. But I determined, whatever happens, I'm not going to give up until I receive the Holy Ghost.

I decided to make myself right towards God to receive the Holy Spirit. The Lord started to move and met every need in my life. As the days went by, my expectation of receiving the Holy Ghost grew. I faced battles, but somehow, I kept my expectation growing by prayer and continuously going to church to listen to His Word.

October 27th, 2021, Wednesday after night service, I took the subway to reach home. I started to play a tape until I came home. I randomly selected a message without knowing anything about that specific tape. It was **God's Provided Approach to Divine Fellowship – 60-0630**. While I was listening to a particular part, a specific quote started to speak to my soul. The anointing came upon me, and I began to pray and determined I don't care about my studies, whatever it is, even though I go back to my home: "Give me that Holy Ghost Lord!" Tears started to run down while I was on the subway train. I reached home, and I knew that coming Friday, October 29th, our church would pray for the people who had not yet received the Holy Ghost.

The next day, my body felt so weak, but I kept pressing on the Lord.

On Friday, October 29th, I went to a nearby park to pray and have a quiet time in the morning. I started to pray as usual, but my body felt so weak that I couldn't concentrate on praying. Then I began to play a tape again randomly. The name of the message was **Why**, --60-0309. While the message was going, a specific quote started to speak to me like before. There were so many quotes that directly spoke to me. I got down on my knees because of these words "**If you don't get it, the Lord is going to ask you "Why didn't you get it? Why? It was there for you."** These quotes started to hear in my ears even though the tape finished. And I lifted my hands and prayed to the Lord, and I came to church with an expectation.

I never faced any battles like the specific night while I came to church, so many struggles and obstacles came in front of me, but I determined and took my decision. "This day, this night, Holy Ghost is mine. I won't go home until I receive it. When the Pastor lays his hands on me, I will receive it. It is God's promise to me."

Saints, I spoke the word "born again" so many times in my life journey, but I tasted what is born again on the specific night of **October 29th, 2021**. I saw my sins washed away. I felt all-new, all whitewashed by the Lamb's blood. I don't have words to describe it. Now I know Holy Ghost born again is not a word; it's a reality and an experience.

Prisoner of Christ.

REFLECTIONS

He Will Not Forget You

Recently, I was listening to a message on the internet, and the preacher in his preamble spoke about the needs of God's children. He took for his text Luke 18. *Then Jesus told his disciples a parable to show them that they should always pray and not give up.* And he spoke about the persistent widow. Then this testimony came to mind.

I quit my job as a sales clerk in the Gift Store at Timehri International Airport, Guyana in 1970. I had to stay at the Canadian Guess house to be on time on the job when the airplanes went out and came in. It was hard for me to be in church in Georgetown, where I lived. And I was among unbelievers, so it was difficult for me as a young Christian woman.

After I quit my job, God had provided another job for me in Georgetown that same year, but I failed the test at the interview due to disobedience. God had to teach me obedience, and I learned obedience by Him closing opportunities for jobs.

In 1975, I was desperate for a job; I was so desperate that I was willing to do a seasonal job. The General Post Office in Georgetown was hiring seasonal workers for the Christmas season, and I had a Christian friend who worked there, and he was willing to assist me in getting a seasonal job there. He took my documents, and I was waiting to hear from him, but as time went by, there was no response. And there was a specific time for them to hire you for the season.

The Sunday morning before I got my new job, my neighbor's radio was on, and someone was singing. I don't remember the name of the song but what I remembered were the words that spoke to my heart, "**I will never forget my chosen ones.**" Immediately, I knew that God had not forgotten me, and I knew that I would get a job that week. Then I thought of my friend who had my certificates, so I contacted him and told him to bring them the Wednesday night at church. After church, he gave them to me, and I went home determined to talk to God.

That night I said to God, "Lord, I am like that widow who had a need, and she went to the unjust judge to help, but he would not for a while. But when he saw her continual coming, it troubled him, and he feared that she would weary him, so he granted her request. I am going to weary you, Lord; I am going to tell you night and day that I need a job." It was like my spirit was praying; it was a spirit-to-spirit connection; my heart and the heart of God. When I finished praying, I slept like a baby. Jesus knew I was determined to weary Him.

The following day, I woke up with a peace that passed all understanding. Then the thought came to me to call the Ministry of Labor. I got dressed and went to my eldest sister's home to use her telephone to make the call. When I dialed the Ministry, the operator responded and asked me where I wanted her to direct my call. I told her that I needed to speak to the manager. She said they don't have a manager, just an assistant manager. I told her to put me through to him. She did, and he answered the phone. I gave him my name, and I asked if the General Post Office had already hired seasonal workers for the Christmas season. He said, "Yes." Then he asked me if I was looking for a job for someone. I told him that I was looking for a job for myself. He asked me what my qualifications were, and I told him what they were. Then he said to meet him at his office at 1 pm.

When I went down to his office, he sent me to the Ministry of Housing that same Thursday. Saturday was my first day in my new job as a typist clerk in the Ministry of Housing.

Saints, He will not forget you. He is the same Yesterday, Today and Forever.

Keep pressing the battle.

Jehovah Jireh

By Sister Sarah Catarino

God bless you Saints. I want to give God praise for opening my heart and understanding, and showing me that He is my Jehovah Jireh, the Lord, my Provider.

For some time now, I've been off work due to a health-related issue, and as a result, I haven't been able to come to church. During that time, I held unto my tithes in anticipation of paying them, either by having the opportunity to bring them to church myself or by giving them to one of my siblings to put in the tithe's basket. The tithes that I had were from when I was working. I was in limbo with getting paperwork approved from my doctor to submit before receiving my pay cheques while off work. In my prayers, I said to God: "Lord I have my mortgage, electric bill, property taxes and other bills due, should I use this money to pay my bills and wait until I get paid to pay you back, or should I pay my tithes and leave my account with nothing?" My thoughts told me to keep it and pay it back to the Lord after receiving the lump sum payments.

Later that day, I checked my phone and saw a quote that said, "Put God First in Everything." Immediately, I understood what it meant and that I had to put my tithes first and God would do the rest. Without hesitation, I did just that and said: "Lord, I don't ever want to rob you and despite the fact that I have nothing left, I will obey your Word."

A week later, my doctor gave me the run around about completing my forms, and I became scared of what to do with no foreseeable income. My husband's projects would not complete in time for us to pay these bills, so I went back to God and asked Him what I should do, and, in my heart, He told me to be patient and wait. I told my eldest sister of this situation, and she said, write a letter to your doctor and leave it to God, so I wrote the letter, prayed over it, and sent it to my doctor.

A week later, I went to see her, worried about the outcome. God came right on time as He promised; I didn't say a word to her. As she entered the room, she looked at me and said, "I will approve your request today."

I understood the test that God had allowed, and by simply being obedient and waiting, He proved to me He was my Jehovah Jireh, the Lord, my Provider. As I left the doctor's office, tears ran down my cheeks because I now knew and understood that God is so true to His Word. I put Him first, and He did the rest.

I do not have to argue, complain, or worry because He will always fight my battles once I put Him first. When He is the one fighting, there is no way I can lose because He is always a winner, and He can't lose.

Thank you, Jesus, for showing me how Big, Powerful and Mighty you are in such a simple way. May this testimony help others to trust God and put Him first.

Fear Not

During the lockdown period, when we had our Prayer Meetings at home on Fridays, Brother Nelson told us to read Psalm 91 for scripture reading on a particular Friday.

In the same night, while I was in a deep sleep, I heard a loud noise like someone was banging on our window. I jumped up from the bed and looked around, but nothing was there. I was sure I heard the noise, so I got scared and thinking whether to wake up my husband to check it out. Usually, I can't fall back to sleep if any disturbing things happen. Suddenly something said unto my mind, "Thou shall not be afraid for the terror by night." I was comforted by God, then I prayed and thanked the Lord and went back to sleep peacefully. He comforts us through his Word.

Always glory and honor to my Lord Jesus Christ. Amen.

God Answers Prayer

I greet my beloved brothers and sisters in the name of our Lord Jesus Christ.

I want to thank the Lord for Friday Night Service on October 29, 2021.

I hesitated to come because of my work schedule; I would not have made it on time. But before service, Brother Richard called and reminded me about the prayer request for my children, and I said I would come.

When Pastor Nelson started to pray for the prayer requests, he said, "Is there anyone who wants to say anything for what had happened or anything you did that day?" I felt my heart pounding after he said that, and I raised my hand and confessed to the congregation what had happened that day. The elderly lady that I am taking care of, I got the victory to make things right with her.

I thank God for His faithfulness. Though I failed Him many times, He always brings me back in line.

I know God answered my prayer request, and those who put theirs on the altar as the anointing of the Holy Ghost fell on Friday Night Service.

I thank the Lord for another touch, and I feel His love and comfort.

Thank you, Lord, for loving me still.

All the Praise and Glory to our Lord Jesus Christ.

Restoration

God bless you my brothers and sisters.

I would like to thank the Lord for what he did for me on Friday night November 05, 2021.

For two months I was unable to sleep properly because of working nights. I was visiting my parents Friday and I told them I was going to church even though I was feeling very tired and had no sleep, but I was going to still go, and give God my very best. My dad said, "Wow! Praise God."

I came to church and requested prayer, Brother Nelson said he felt led to pray for me first. Saints, right then and there I knew God was going to restore my beloved sleep. He not only restored my sleep, but He also gave me a refilling. It reminded me of that Friday night when He baptized me with the Holy Ghost.

I love him so much. He has been so good to me. It has been the best sleep I've experienced in a long time. Amen!

God Knows What We Have Need Of

God bless you Saints.

As His Word says in Matthew 6:8, "For your Father knows what things you have need of, before you ask Him." I'm thankful to my Creator for answering my prayers all the time.

I'm working as an Uber Food Deliverer four days a week. On Friday 12th November 2021, as usual, I packed my shirt and trousers in a bag to attend the Church Service that night after work. I took the subway to Bathurst, and when I saw the weather, it was so bad. It started to rain. All I saw in the sky were dark clouds, and I never saw sunlight. While I was in the subway, I was thinking, "Lord stop this rain, if not, while I am at work, my Bible and my clothes will get wet, give me a testimony tonight Lord to share with my brothers and sisters." When I got down in Bathurst station, it was still raining. I stopped my bike, and in the corner of the station outside, I closed my eyes said a simple prayer, "Lord, you know my desire is to be in church tonight. I will get wet and my bible, and clothes too. Please stop this rain Lord." While I was praying, the rain stopped in a second, and the sun started to shine straight on my face. I have never seen in my life that rain stops in a second and the sunshine right away.

I happily finished my work and attended the night service at our church. I give all the praises to my Creator and my Lord Jesus Christ.

God is Faithful

In November 2021, I submitted a prayer request for a job interview, and Pastor Nelson prayed for it. My client at work was stressful, and I desired a change.

I didn't get the job, but a few days after the interview, my employer transferred me to a new and better project at work.

God gave me a new "Job" in His way, and I am very thankful.

I gave all praise and honor to the Lord Jesus Christ.

Delivered

Brothers and sisters in Christ, I want to thank God for delivering me Sunday, December the 5th, 2021, by the Word and the prayer of His servant.

When the Holy Ghost spoke about Saint Paul, I knew He was talking to me. Brother Nelson said, "Satan used him a lot. Now it's my turn. Satan, take your hands off him now! That is why I changed his name. No more a destroyer, but a worker. You were working for the devil, OK it's over now; you are working for me!"

Saints, I have had a terrible attitude and would get easily offended and angry. My attitude and behavior were self-destructive, destroying everyone I loved the most.

But God, who is rich in mercy, spoke to me Sunday when Brother Nelson invited everyone to come for prayer for a bad attitude. I knew the Holy Ghost was calling me.

Brothers and sisters, I thank God for delivering me from this anger, and I expect to be filled with the promised Holy Spirit any day now.

All Praise to Jesus.

Brother Matthew Dickison*

Victory

God bless you Saints; I want to share this testimony for the glory of God. Two things happened to me on Sunday, December 05, 2021.

First, I had severe pain 24 hours a day in my right shoulder for about two years or so. I don't know why I couldn't bring myself to go up for prayer for it. I wanted God to heal me because I wanted to lift my hands and give Him praise.

While I was seeking God on Friday night, December 03, 2021, Brother James came to pray with me. He gently lifted my right arm high to praise God; he had no idea I was in severe pain, and I endured the pain and praised God anyway.

When Brother Nelson started preaching on Sunday morning, I wanted to go up for prayer but couldn't do it. As Brother Nelson said, "Command your eyes, mouth, and hands to praise God even if it hurts you."

I guess I was waiting for my Faith to reach out and receive my healing. I don't want to always depend on hands to lay on me but receive as the Word comes forth. I commanded my hands to praise God and accepted my healing.

I received the second blessing as Brother James sang; I just started worshipping and dancing. And as I was releasing myself more to God, I heard the Holy Spirit say to me, "The Egyptians you see today you will see no more." I felt like Mariam looking at the Egyptians that once persecuted her drowning in the red sea. And she pickup up her timbrel and danced and worshiped the Lord. I don't know what happened but, the Holy Spirit got a hold of me, and for the first time in my life, I had a Victory dance. And my hand that I couldn't previously move without pain was moving all over, praising God.

All Praise be to God!

Sister Hannah Dickison*

God is My Refuge

I want to thank my Lord for preserving my life when evil attacked me on Wednesday night, December 08, 2021, after church. As I walked close to my home, a young man came behind me and snatched my purse. Praise God that my wallet with valuable cards was in my coat pocket.

One thing I know is that God is my refuge and strength, a present help in trouble.

He is the same Yesterday, Today, and Forever.

Sister Marie Anne Paul*

God My Protector

I want to thank God for His protection.

One Friday in December 2021, I had left my home to run some errands. Before I left, I prayed that God would protect me on the highways and byways as I did my errands. While driving up one of the roads in Milton, I started to think of what I would pick up for lunch on my way home. There was a small Jamaican food truck on the left side of the road that I was coming up to, and I decided if it were open, I would probably get that.

As I got near the Jamaican food truck, I started to look to my left, but my eyes pulled back and started to focus on a small car on a side road on the right that was about to make a left turn right in front of me. I saw the driver looked to the right, but she never looked to the left (the side I was driving towards her) she just proceeded to make her turn. I am not sure how my vehicle came to a complete stop so fast. My vehicle must have stopped within 2 feet or less of hitting her head onto the driver's door while she made that turn. I was so close I could see the fear in her eyes.

I know things would not have gone well for her if I had hit her, as my vehicle was double the size and height of hers. I cannot fully remember, but I believe I called out the name of Jesus or for the Lord at that time.

I learned from this experience that when someone says, "I only turned my head for a second...." If I had turned my head for that second to look at the food truck, things would have been very different. I thank God for His protection in this situation.

God truly is good all the time.
Praise Him!!

God My Healer

I want to thank God for my healing.

I had pain in my head, neck, and shoulder's left side for many months. I came for prayers on Friday, February 11, 2022. While Pastor Nelson was praying for me, I felt the anointing. When I returned to my seat, my head pain was gone. When I continued to praise the Lord, my neck pain decreased gradually. Though I'm feeling a little pain, I know I'm completely healed.

I thank God for touching me once again.

Always glory and honor to The Lord Jesus Christ. Amen.

I Am Healed

God bless you Saints.

I had this pain in my left chest for more than three days. The pain was around my heart, and I had a mental battle.

Wednesday, on February 09, 2022, I attended church expecting healing from this pain. When Pastor Nelson asked anybody who needed prayer, I joined the prayer line. After prayers, I don't feel the pain anymore.

I thank God for the man of God and the saints who prayed for me.

I know God has healed me.

All glory to God.

Brother Thadeus Thayalakumar*

YOUTH

Testimony

I want to thank the Lord that He is still answering prayers.

One thing that I have learned is that it is essential that we carefully listen to what is said when someone prays for us "In the Spirit."

After I gave my life to the Lord on March 28, 2018, I read the scriptures of how the Lord gave Solomon wisdom. After reading this, I prayed to the Lord for wisdom, and I prayed using His Word, where Solomon asked God for wisdom. Because Solomon asked the Lord for wisdom, the Lord gave him everything else. I then believed and thanked the Lord.

A little while after that, I strayed from the Lord. Last year in 2021, I went to the altar and rededicated my life to the Lord, and Brother Nelson prayed for me.

The Sunday after I rededicated my life to the Lord, the Holy Ghost fell as Brother Nelson was praying for the people. He called me to come forward and said he felt like praying for me again. While praying, he thanked the Lord for my wisdom. I didn't realize what he had said until I later thought of the prayer. Then I remembered what I had done (prayed for wisdom) when I first gave my life to the Lord.

I want to thank the Lord for the wisdom He has given me and use His servant for confirmation.

God bless you.

STEP IN THE VISION

"Remember now your Creator in the days of your youth..." Ecclesiastes chapter 12.

On Sunday, January 23, 2022, was the Young People's First Meeting for 2022. Brother Joel Young led the worship session. The Holy Spirit chose the old songs of Zion, and they were refreshing to the soul. The specials sung by the young people were a blessing and encouragement, and the worship and singing set the atmosphere for the Anointed Word.

Brother Sam Isaac was the first speaker, and for his text, he chose 2 Kings chapter 5:1-3, speaking about Naaman, the leper. Brother Sam thanked God for the Holy Ghost Ministry in our church. And through this Ministry, he said that he received the baptism of the Holy Ghost by experience.

He mentioned that when he came to Perfect Love Tabernacle, he had believed that you had the Holy Ghost when you accepted the End Time Message. But after listening to the sermons preached by Pastor Nelson, he realized that you receive the Holy Ghost by experience.

It is marvelous to know that God is so mindful of us that He places us under a Holy Ghost Ministry so the power of His Word can save us.

Brother Sam entitled his message, '**Dying Out Today.**' And he related this through the story of Naaman and preached it from a different angle. He typed Naaman's leprosy as a secret sin. He pointed out that we should see ourselves in the scripture. Like Naaman, we all have a secret sin.

We understood from the Bible that Naaman was an honorable man, high in his position and well known among his people, but he had leprosy, and only those who were close to him knew about it. He hid his leprosy by covering it up. Likewise, he said that we also hide our secret sins. And he mentioned that the prophet said leprosy was a type of sin.

Brother Sam proceeded to show us how the little maid from Israel, a captive working with Naaman's wife, conducted herself as a believer spreading her light. When she heard about Naaman's secret, she began to testify to his wife about the God who heals diseases. Naaman's wife listened to her because she had the right attitude and created a healing atmosphere in the home. The maid told her about the prophet in Samaria who would recover Naaman of his leprosy, and she believed it and sent a message to him.

Naaman wanted to be delivered and be free from his leprosy, but his pride was in the way. Brother Sam explained how difficult it was for Naaman to get rid of his pride from the scripture. But when he got rid of it, he was able to go to Jordan and dip seven times in the muddy water as the prophet commanded him to do and was healed of his leprosy. Naaman's pride had to die. Likewise, our pride must die for us to receive the Holy Ghost.

Brother Sam shared his experience of dying out to be born again. He encouraged the young people to die out and get rid of the secret sin: pornography, worldly music, ugly posters, etc., to create the right atmosphere in their homes and emphasized the importance of the right atmosphere. He mentioned that Brother Branham said the atmosphere that brings the result, and he declared that Jesus is always knocking at the doors of our hearts to get inside.

He challenged the young people to come to Jordan and die out to receive the baptism of the Holy Ghost. He also invited them to Jordan to receive the **Double Portion**. Dying out is God's way, and that is the only way he declared to get rid of the secret sin and receive the baptism of the Holy Ghost.

The other speaker was Brother Joel Dickison, a young Christian who has a calling of God in his life. He stepped into the vision that Brother Sam declared and continued in that path: **Dying Out**.

His scripture readings were Luke 9:23, Mark 8:35, and Romans 8:13. Brother Joel elaborated and testified on Dying out.

He read from Brother Branham's Message, '**Christianity Versus Idolatry:**'61-1217.

103 **"Right in your heart, remember Christ the Saviour. Remember He died for you. And if you'll just die to yourself, that'll empty your body, empty your soul, empty you of everything is this world, and its pleasures, then Christ...You raise with Him."**

He encouraged the young people to die out so that God could have first place in their lives. He also mentioned that the only way to receive freedom is dying out to ourselves. There is no other way. He, too, encouraged them to get rid of the posters, the music, etc., and die. He said you could not be a light if you are following darkness.

Like Brother Sam, he explained what it means to die out: Repent and be baptized in the name of the Lord Jesus Christ, and you shall receive the gift of the Holy Ghost. He stayed on that for a while, showing the importance of God's way to remake us, and that is what we believe. And it is the Message—the Holy Ghost. God's way or no way!

God bless you both for yielding to the Holy Ghost.

I Am Thankful

I was tremendously blessed and encouraged with the Word that came forward by Brother Sam and Brother Joel Dickison.

It was a blessing also to see Brother Joel Young leading the song service and the children singing. It was a blessing to see the young people praising and worshiping the Lord. I was blessed to be in church that day and thankful to be there.

Thank you, Lord Jesus, for your grace and all that you do for us. We are indeed a blessed people.

Thank you to all who made the service possible, and thank you, Pastor Nelson, for yielding to the Holy Ghost.

God bless you Saints.

Bible Reading

The House of Cornelius - Acts 10

- Ruth Thayalakumar (11 years old)

Cornelius had a vision of an angel telling him about Peter. He was ready for it. He told his servants to look for Peter. While his servants looked for Peter, he invited his friends and relatives to come so they can hear the word about God. Meanwhile, Peter had a vision about animals. There were many of them. He was wondering what the vision meant when he heard God tell him someone will come and ask him to come with him, he said that he must go with them. And so it happened. When Peter came there, he understood what the vision meant. His vision meant God is willing to clean anyone. He told the people that God is willing to clean anyone, and the people received the Holy Ghost.

The moral of the story is God is willing to clean anyone.

- 1) If you are faithful, God will give you the Holy Ghost.
- 2) God can talk to you in different ways, God talked to the people through Peter and God talked to Peter through a vision.
- 3) Remember that God can hear you, and he died on the cross for all your sins. One day God will come and bring you with him, but you must be faithful. God can talk to you in different ways, so be ready to hear Him.

- Joshua Thayalakumar (13 years old)

1) The first lesson I learnt was to be respectful to others. If you are disrespectful, it shows you aren't a good person, and it can lead to bad things in life. Just like how disrespectful Nabal was and God took his life later on.

2) The second lesson I learnt from reading this scripture was to be wise and kind to others. When you do that, you can change someone's life or mind. Exactly like how Abigail changed David's attitude when he was about to kill Nabal. She was wise to give gifts and cry out to him.
